Next.js, React.js, HTML5, CSS3, Tailwind CSS, Responsive Design, UI/UX Development

Backend Development :

Node.js, Express.js, Flask, Spring Boot, supabase, REST APIs, Authentication & Authorization

Databases :

MongoDB, MySQL, Firebase Firestore, SQLite, postgresql

Mobile Development :

Flutter, Android Studio, Kotlin

Testing & Quality Assurance

Unit Testing, Integration Testing, API Testing, Postman

DevOps & Tools

Git, GitHub, Docker, WSL2, Figma

Additional Concepts

RESTful APIs, Database Design, SDLC, Version Control, Cross-Platform Development

WORK EXPERIENCE

Software Engineer Intern

Sri Lanka Telecom (SLT)
Aug 2025 – Feb 2026 | Colombo, Sri Lanka

- Developed and enhanced Flutter-based mobile application features for cross-platform deployment.
- Integrated REST APIs with Node.js backend services and MongoDB databases.
- Participated in unit testing and integration testing to improve software reliability.
- Collaborated with development teams to troubleshoot issues and improve application performance.
- Contributed to mobile application development following Agile development practices.

PROJECTS

Smart Spent – Mobile Expense Tracker

Technologies: Flutter, Node.js, MongoDB

- Developed a financial management application for tracking expenses, warranties, and recurring bills.
- Published application to Google Play Store

Freelance Web Developer

FTR Holdings (Pvt) Ltd | 2026 – Present

- Design and develop responsive websites for local and international clients using Next.js, React, Tailwind CSS, and modern frontend technologies.
- Translate UI/UX designs into fully functional, mobile-friendly web applications.
- Optimize website performance, SEO, accessibility, and user experience.
- Collaborate with business stakeholders to gather requirements and deliver production-ready solutions.

Hype 360 – Digital Marketing Agency (Sri Lanka) [Link](#)

- Developed and deployed a modern business website for a digital marketing agency.
- Implemented responsive layouts, optimized page performance, and SEO-friendly architecture.

FTR Holdings Corporate Website [Link](#)

- Designed and developed the official company website.
- Implemented modern UI/UX principles and responsive design standards.

DirectLine (Qatar) [Link](#)

- Developing a corporate website for a Qatar-based company providing certified legal translation, MOFA attestation, notary public, company formation, and PRO services.
- Building responsive user interfaces and improving user experience across desktop and mobile devices.

Liyo Travels & Tours – Ongoing [Link](#)

- Developing a travel agency website focused on service presentation, inquiry management, and customer engagement.
- Implementing responsive UI components and performance optimization.

EDUCATION

Higher National Diploma in Software Engineering

National Institute of Business Management (NIBM) - 2024 – 2026

Diploma in Software Engineering

National Institute of Business Management (NIBM) - 2023 – 2024

CERTIFICATIONS

- Web Performance Fundamentals
- Web Security Fundamentals
- Tailwind CSS

LANGUAGES

English – Professional Working Proficiency

PROFESSIONAL STRENGTHS

- Full-Stack Web Development
- UI/UX Implementation
- Mobile Application Development
- REST API Integration
- Database Design & Management
- Problem Solving & Critical Thinking
